

Preliminary Calendar For School Year 2022-2023 (take 2.5)

This is a preliminary calendar for the upcoming school year. This includes everything that you will want to know as far as days off, etc. A more complete calendar will be available online in August, 2022. That will be the final calendar!

As you will see we have added some half days to the calendar. For the past 10 years we have been holding our faculty meetings after school which adds another 2 hours to the teacher's day. The past two years have taken a toll on some so we are going to try some half days for faculty meetings/professional development. They are listed in RED on this Calendar.

Take 2.5 is the second version—please dispose of the first one. Take 2.5 has the correct dates.
